SOIL TESTING – HOME KITS

There are many home test kits available at nurseries for testing soil ph, N, P, K.

This document lists some commercial soil testing labs that provide services to the public for a fee.

The list is neither comprehensive nor all-inclusive.

No endorsement of any specific business is intended; neither is any criticism implied of similar labs not listed here.

Soil testing labs vary in the types of tests they offer and the recommendations they provide, if any.

Please contact specific labs for the services they offer.

The listed labs may or may not provide testing services for contaminants.
